SESSION LAWS LIBRARY

The Session Laws Library contains comprehensive coverage of all laws (acts) passed by all 50 states, as well as the District of Columbia, Puerto Rico, and the Virgin Islands. Also included are federal-level session laws, including the United States Statutes at Large, Acts of the Parliament of Canada, and Acts of the Parliament of Australia, and other works related to both state and federal lawmaking.

All state session laws from 2000 to date are indexed to the chapter or act level, making the collection easy to browse and search. This indexing is being applied to all prior session laws in reverse chronological order.

STATE STATUTES: A HISTORICAL ARCHIVE

State Statutes: A Historical Archive includes historical codified statute coverage for all 50 states. Coverage dates back to 1717 and in some cases, current state codified laws are also included. Search the statutes by state, date, description and text. Historical statutes are a fundamental part of today's state law research, and much of the material contained in this database is difficult to find anywhere else!
